

## October Club Trip

This month's trip will be Storm Mountain. Come to the meeting and hear about the trip first hand. We will leave the Kings Soopers parking lot on north College and Willox promptly at 9am.

### *Highway Clean Up!*

***We will be picking up trash on our adopted two mile section of Highway 14 on Saturday, October 19th. Meet at mile marker 119 (Picnic Rock) at 8:45 AM which is a couple of miles above Ted's Place in the Poudre Canyon. The cleanup only takes about 45 minutes. Bring gloves. After the cleanup we will go to the Braskich Plantation for a yummy blueberry pancake and bacon breakfast.***

## September Trip Report

### *Bald Mountain*

It was a cool morning when Mountaineers and guests started to gather in the North College King Soopers parking lot. This day's trip was up to the Bald Mountain trail outside of Red Feather Lakes. Twenty one vehicles followed trip planner Tim P. out of town to Highway 74E. On the way up we saw the damage that was caused the recent McNay fire. Just before we got to the village of Red Feather Lakes, we turned off to the Lady Moon rec area to use the potty box and air down our tires. Between that stop and the trailhead, we added 4 more vehicles.

Up the trail we went. The first part was easy. When we finally reached the rocky section of the road, it narrowed down and the trees constantly brushed against us. At one of our first stops, Salita had to show off her live therapy service chicken. We got a few clucks out of that! We had to pick the best line through the

rocks or suffer the consequences of scraping the undercarriage or pumpkins on the unforgiving rocks. We came to a beautiful tall grass clearing and stopped by an old cabin to stretch our legs and take pictures. It was an awesome sight to see 24 4x4s lined up along the road. On up the trail we went, rocks, rocks and more rocks, no wonder it's called the Rocky Mountains. In a couple of places we had a choice of going between two trees just wide enough apart to

fit a Jeep through or going over a pile of rocks. Most took the lesser of two evils and chose rock pile and not risk their side mirrors. Colleen did lose fender flair in a dustup with an old tree stump.

At the top of the trail we came to a wide open clearing. As it was a little past noon, it was a perfect place to have our lunch break. A few did a little exploring and Scott R. found a grave marker in a pile of rocks on the top of Middle Bald Mountain. After lunch we went down to a graded smooth road, which we felt like it was freeway compared to what we had gone over that morning. From there, Tim led us through several intersections and then onto a road that had several large mud holes. The mud was enticing to some but most took the dry go around. The last stop before reaching the Dead Man Road was a few tumbled down log cabins. When we got onto the Dead Man Road, it was smooth sailing all the way down to Red Feathers. Since we were so close to Gnome Road and Elf Lane we had to make a short detour to see this magical place. It is only a short two block run and most who see it come away with big grins on their face, that is everybody except Tim who said the place was spooky
